Every attempt will be made to match your worksite with a local school. Teachers have been asked to have the posters completed and mailed to Metropolitan Milwaukee Association of Commerce by April 11th. Wisconsin Partners for Clean Air will then vote and mail the posters to the employer's site by May 1st. Unless requested otherwise, each work site will be matched with one classroom that will provide approximately 25 to 32 posters per exhibition. The teacher and the employer's contact person will coordinate the transfer of posters from the work site back to the teacher.
