Every attempt will be made to match your business with a local school. Teachers have been asked to have the posters completed and mailed to Metropolitan Milwaukee Association of Commerce by April 1st. Wisconsin Partners for Clean Air will then vote and mail the posters to the partner business by May 1st. Each business will be matched with one or more classroom in the same school that will provide approximately 30 posters per exhibition. The teacher and the employer's contact person will coordinate the transfer of posters from the work site back to the teacher.
